Dear Ray, Aaron, Charley, and Yisrael,

On behalf of the Alliance for Middle East Peace (ALLMEP) and its 55 member organizations, we are writing to express our great appreciation for making ALLMEP's 2008 Peacebuilders Reception two weeks ago a tremendous success with your wonderful and hilarious performance on Capitol Hill in Washington, DC.

It is not every night that stand-up comics dare to enter the halls of Congress to perform, much less about the conflict in the Middle East. Nonetheless, you had a distinguished audience of members of Congress, congressional staff, State Department officials, diplomats, NGO leaders, and policy experts rolling in laughter. Your comedy brought together a room full of not only Americans but also Israelis and Palestinians.

We wish you continued success as you travel the globe bringing a message of humor and hope to those who care about resolving the Israeli-Palestinian conflict. Thank you again for a great show and a wonderful evening!

Warmly,

Avi Meyerstein
